

Welcome Guide

PDF tools for productive people

www.ilovepdf.com

App Overview

PDF Editor

Include colorful comments and annotations in your PDF.

E-signing and Scanner

E-sign and send PDFs right away.

File manager

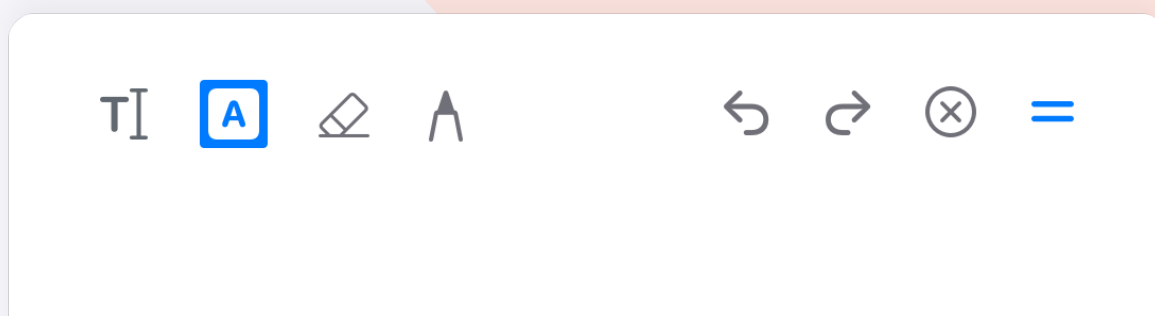

Store your documents easily and efficiently.

Annotation tools

Annotate and Markup PDF

Sometimes you need to give feedback on a document quickly. Tap Edit to start annotating directly on your PDF—you can highlight paragraphs and add comments or notes.

On the top toolbar under Annotate select the tool that works best for you.

Some annotation tools can be selected by tapping and holding any place in the document and choosing the tool from the popup.

Notes

Add text Notes

Enrich your PDFs with important remarks by typing text comments in the margins of the page. They are searchable and you can find them later.

Highlight with Colors

Colors emphasize different values of information: highlight the main ideas with yellow, take green for additional info, and red for corrections.

Custom text

You can also edit the size, font, and color of the added content.

Custom text

Custom text

Digitize with Scanner

To get started, simply

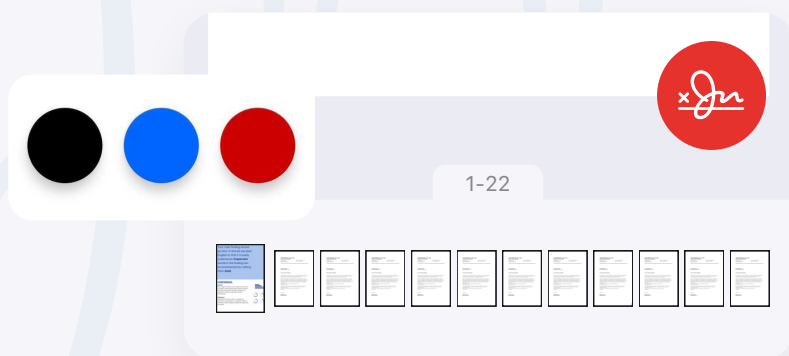

To digitize your documents, head to the app's Scanner. It's a practical, easy way to create a digital archive of your personal papers.

Your scanned documents
will be automatically saved
to the File Manager

e-Sign PDF

No printer? No problem. To sign a document, just use the Sign PDF tool. Select Fill & Sign from the dropdown list at the top and tap Signature.

Give it a try
